Management of Common Drug Interactions

Date: Sunday, September 20, 2009

Location: Les Bourgeois Blufftop Winery & Restaurant
12847 W Highway BB (Terrace)
Rocheport, MO 65279

Program: **10:00 a.m.** (Registration & Breakfast)
11:00 a.m. Continuing Education (0.2 CEU)
1:00 p.m. (Lunch)

Speaker: Travis Linneman, Pharm.D, BCPS **Fee:** None
PGY-1 Pharmacy Residency Director, Assistant Professor of Pharmacy Practice
St. Louis College of Pharmacy

Faculty Disclosure: Travis Linneman reports no actual or potential conflicts of interest in relation to this program.

Target Audience: Pharmacists

Program Objectives:

- Evaluate patient specific characteristics in order to identify patient populations and/or specific patients in which common medication interactions are likely to occur.
- Describe the mechanism, nature, and clinical significance of common medication interactions.
- Describe and/or identify the potential result of specific, unmanaged medication interactions.
- Based on specific patient information, determine the presence of signs, symptoms, or laboratory data related to specific medication interactions.
- Based on patient characteristics, develop and provide management recommendations, alternative therapies, and appropriate monitoring parameters for patients prescribed or needing medications known to interact.

R.S.V.P. by September 13, 2009

St. Louis College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

Pharmacists can earn 0.2 C.E.U (2.0 contact hours) by attendance at this application-based program and completing and returning a program evaluation form. The program number is 033-000-09-018-L01-P. Statements of credit will be mailed 3-4 weeks after the program.

It is the policy of St. Louis College of Pharmacy, Continuing Education Department, to insure balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating in this program are expected to disclose to the program audience any real or apparent conflicts of interest related to the content of the presentation.

Management of Common Drug Interactions
